

Men's Club Meeting Sept. 2008

There were on 5 members present plus Fr Tom. There was not a quorum.

Vern read the financial report and it was accepted by Bob Borella and seconded by Jim Mahan.

Bob Borella asked about the Air Conditions. Father Tom said, "That we found a reasonable contractor who was experience in our units. Their name is Affordable Air. They have serviced our units and they seem to be working.

Fr. Tom requested that we look at the possibility of purchasing a new upright freezer. This request came from the change in how we are handling Spirit Night. Ross Leo suggested a commercial unit. Ross has some connections and would look into cost and availability. Ross would also check in a used unit. Fr. Tom said that at Sam's Club they have a 2 cu/ft for around \$680.00

Bingo was brought up. Joe Colello and Tom O'Hare were going to check with St. Mary's. This was not accomplished because of Joe's accident. Bob Borello brought up that the bingo palaces require sponsorships and pay a monthly check for that sponsorship. Ross Leo volunteered with Tom O'Hare to look into the details of sponsorships.

Tom O'Hare asked everyone to think about how to attack new members into the Men's Club. Fr. Tom suggested that the parish is getting larger and maybe we should consider two clubs, one for the more mature members and the younger men in our parish. Fr. Tom suggested that we consider having and Execute Committee for Planning.

It was suggested that we have a poker night on Thursday at which time the Execute Committee would inform all those present what was discussed and planned.

A Bus trip was also discussed to Biloxi.

A Casino night was also brought to be further discussed when a quorum was present.
